

NCIPN AND ICRC COLLABORATIONS

SEPTEMBER, 2014

Injury Control Research Center for Suicide Prevention (Univ. of Rochester Medical Center and EDC) 2011 - Present

- NCIPN submitted a letter of support for the ICRC-S, 9/2011
- ICRC-S was funded 8/2012; Co-Director Jerry Reed met with NCIPN 9/2012 to introduce them to the Center
- Monthly NCIPN meetings include ICRC-S updates
- The 8 NCIPN states were invited to attend the first Research Training Institute (RTI), May 2013
- Several NCIPN members have been guest presenters on ICRC-S webinars
- 3 NCIPN states were selected, in a competitive process, to attend the May 2014 RTI and continue to participate through the year long Community of Practice (CoP).

Past Collaborations with Harvard Injury Control Research Center (Prior to 2011)

- HICRC arranged research presentations at quarterly Network meetings
- HICRC created online training program on suicide prevention, in response to Network request
- HICRC and Network members collaborated on a lay report and several journal papers
- HICRC and Network members collaborated on a suicide prevention campaign with gun shop owners
- Stakeholder trainings on suicide prevention, poisoning, program evaluation and young worker safety were conducted for Network members and their statewide coalitions
- HICRC provided technical assistance and training to Network members on a variety of topics

Current Collaborations with NEIVPRC
(New England Injury & Violence Prevention Research Collaborative)
2012 – Present

- Two Annual meetings (2012, 2013) with NEIVPRC to network, share experiences
- Three Annual Conferences with NEIVPRC (2012, 2013, 2014)
- NCIPN and NEIVPRC co-sponsored a letter to CDC (Aug. 2013) regarding restoration of questions regarding firearm ownership, storage and safety to the BRFSS.
